

ANIK MAJUMDER

Data Science Student | AI & ML Enthusiast | Web Developer | Researcher

India | Email: [Your Email] | Phone: [Your Phone] | LinkedIn: [Profile] | GitHub: [Profile] | Portfolio: [Website]

PROFILE

Motivated Data Science student interested in Artificial Intelligence, Machine Learning, Python, Data Analysis, Web Development, and Research. Passionate about building practical projects and applying programming and analytical skills to real-world problems. Developing strong foundations in Data Structures & Algorithms, Python, Statistics, Databases, and AI/ML.

EDUCATION

Bachelor's Degree in Data Science

NIT Agartala — Currently pursuing, First Year

Relevant areas: Data Science & Artificial Intelligence, Python Programming, Data Structures & Algorithms, Statistics, Database Management, Machine Learning, and Web Development.

TECHNICAL SKILLS

Programming	Python, C, C++
Data Science & AI	NumPy, Pandas, Matplotlib, Statistics, Data Analysis, ML fundamentals
Web Development	HTML, CSS, JavaScript, Responsive Web Design
Computer Science	DSA, Database Fundamentals, OOP, Problem Solving
Tools	Git, GitHub, VS Code, Jupyter Notebook, Microsoft Excel

PROJECTS

Student Management System — Python / Database

- Designed a student management system concept for adding, viewing, updating, searching, and organizing student records.

Data Analysis & Statistical Distribution — Python, NumPy, Pandas, Matplotlib

- Generated Binomial, Poisson, Normal, and Exponential datasets; calculated sample statistics and compared them with theoretical values.

Personal Portfolio Website — HTML, CSS, JavaScript

- Developed a personal portfolio to showcase skills, projects, achievements, research interests, services, and professional information.

INTERSHIP / TRAINING

Data Science / Technology Internship — NIT Agartala

Developing practical knowledge through project-based learning and technical training in Python, data analysis, database concepts, AI/ML fundamentals, project development, and problem solving.

RESEARCH INTERESTS

Artificial Intelligence • Machine Learning • Data Science • Generative AI • Data Analytics • Deep Learning • Natural Language Processing • AI Agents • Intelligent Systems

ACHIEVEMENTS & ACTIVITIES

- Participated in AI and technology workshops.
- Developing practical Data Science and programming projects.
- Exploring research papers and emerging AI technologies.
- Practicing Data Structures & Algorithms and improving Python skills.

SOFT SKILLS

Problem Solving • Critical Thinking • Research & Learning • Communication • Teamwork • Creativity • Time Management • Adaptability

LANGUAGES

English • Hindi • [Add another language]

CAREER OBJECTIVE

To build a successful career in Data Science and Artificial Intelligence by combining programming, analytical thinking, research, and practical project development, while contributing to innovative technology-driven projects.
